

# A D U L T I M M U N I Z A T I O N

## Some things you outgrow. Vaccines aren't one of them.

For many adults, vaccinations are a distant childhood memory.

Did you know that about 50,000 adults die each year from vaccine-preventable diseases? Vaccines aren't just for kids.

Stay current on your vaccinations and keep a personal vaccination record.

Talk to your local health department, healthcare provider or pharmacist about the vaccines you need.
