In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.

This institution is an equal opportunity provider.

Revised 5/2019

2019 | 2020

WIC & YOU

Your child has you, and you have WIC

WIC is a supplemental food and nutrition education program for Women, Infants and Children.

Nutrition for Healthy Lives

What is WIC?

WIC is a supplemental food and nutrition education program for Women, Infants, and Children.

To qualify:

- ✓ Be pregnant, breastfeeding, or just had a baby
- ✓ Or have an infant or child under 5 years of age
- ✓ Need WIC foods to be healthy
- ✓ Meet these income guidelines or are receiving Medicaid or Food Stamps

Household Size	Monthly (Gross)	Yearly (Gross)
1	\$1,926	\$23,107
2	\$2,607	\$31,284
3	\$3,289	\$39,461
4	\$3,970	\$47,638
5	\$4,652	\$55,815
6	\$5,333	\$63,992
7	\$6,015	\$72,169
8	\$6,696	\$80,346

Effective July 1, 2019 to June 30, 2020

**Note: If you are pregnant, you may count your unborn child in your family size.*

WIC is a nutrition program that provides healthy food and nutrition education!

WIC supports the 2015-2020 Dietary Guidelines! The 2015-2020 Dietary guidelines encourage Americans, ages 2 and older, to eat more fruits, vegetables, whole grains, fat free and low fat dairy products and seafood. Here's how WIC foods match-up:

Dietary Guideline Recommendations	WIC foods
Fruits and Vegetables	Fresh fruits and vegetables; baby foods; and juice
Whole grains	Whole wheat bread and pasta, whole wheat or corn tortillas, brown rice, whole grain cereals
Fat free and low fat dairy products	Fat free and low fat milk and yogurt; infant formula
Protein	Tuna fish/salmon, beans, peanut butter and eggs

Our Registered Dietitians and nutrition staff can give you healthy eating tips for the whole family.

WIC offers one-on-one nutrition counseling sessions, group classes and web-based education. Qualified nutrition staff will coach you through all stages of life by answering common questions like:

- ▶ What's the best first food for my baby?
- ▶ How can I get back to my prepregnancy weight?
- ▶ What do I do about my picky eater?
- ▶ How can I help my child reach a healthy weight?
- ▶ Should I be taking folic acid?
- ▶ Can pregnant women eat fish?

WIC Loves Moms & Babies!

WIC can provide you with the best "tools & tips" so you can be successful in your decision to breastfeed your baby. Did you know in Utah, that over 90% of Moms breastfeed their babies?

WIC can give you ideas on how to prepare for feeding your baby right after birth - in the hospital and when you get home...without using formula. Formula may increase the risk of illness such as ear and respiratory infections, and obesity.

WIC has knowledgeable staff, Lactation Specialists and Peer Counselors, who can answer your breastfeeding questions. Breastfeeding moms stay on the program longer and receive more foods, too!

Your breastmilk is the perfect nutrition for your baby's first 6 months. It's the only thing they need! For the health and immunity benefits, WIC recommends breastfeeding for the entire first year, and longer is better, even through the second year.
