JOB SUMMARY:

Performs technical and analytical work in creating, maintaining, and updating land ownership records, the abstract of said records, the parcel layer of Utah County’s Geographic Information Systems (GIS) database. Works under general supervision of the Cadastral Division Supervisor and work includes the most complex duties within the assigned function. This advanced level requires successfully passing the Advanced Cadastral Mapping test. Incumbents in this classification provide assistance to I’s and II’s, are capable of leading, and provide training as assigned in a broad array of mapping and recording work.

DUTIES INCLUDE:

- Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
- Analyze, evaluate, and interpret legal records pertaining to land ownership from a variety of sources; determine the intent of conveying documents and the area to which they apply in order to ensure accurate records and maps.
- Create, maintain, and revise official parcel maps in digital form to accurately represent all land parcels, subdivisions, and tax districts; plot parcel boundaries on cadastral maps using GIS software.
- Review submitted subdivision, condominium, and annexation plats for engineering and title discrepancies to ensure state code requirements for recording are met.
- Discover and analyze discrepancies in title, erroneous and incomplete legal descriptions and maps, and documentary defects through title history and legal description research.
- Create and maintain the parcel abstract index used by department personnel, other county departments, title agents and associated industry professionals, and the general public; assign parcel identification numbers and identify the tax district according to jurisdictional boundaries; verify current ownership of property.
- Create and determine new taxing descriptions such as those for parcel splits, remainder parcels, and tax delinquent

POSITION: Cadastral Mapper III

*May Underfill as Cadastral Mapper II - 3061

POSTING # 3062-1118ksa

properties for use by various county departments.

- Provide detailed, technical, and informational assistance to office personnel, other government agencies, attorneys, industry professionals, and the general public in areas related to taxing descriptions, title problems, map interpretations, ownership history, acreage, easements, newly created or divided parcels and tax districts; notify and work with property owners, engineers, land surveyors, attorneys, and title companies to resolve discrepancies.
- Use GIS software to perform geographic mapping and analysis including complex and technical engineering calculations to determine parcel areas, title boundaries, angles and bearings, and distances in order to ensure the accuracy of property and ownership boundaries.
- Conduct research of historical data for ownership and boundary changes regarding taxable parcels.

EVALUATION AND SELECTION FACTORS INCLUDE:

Knowledge of state laws governing recording, indexing, and mapping of legal documents

Knowledge of Geographic Information Systems (GIS) technology and its application to recorder mapping functions

Knowledge of coordinate geometry (COGO) applications and applied trigonometry

Knowledge of real estate and title law as applied to the Recorder's Office

Knowledge of surveying and civil engineering practices as applied to the Recorder's Office

Knowledge of supervisory techniques

Skilled in drafting, and conducting title searches and technical evaluations

Ability to maintain cooperative relationships with engineers, attorneys, surveyors, title companies, the public, and County employees

Ability to communicate verbally and in writing

REQUIREMENTS FOR EMPLOYMENT:

Applicants receiving a conditional offer of employment will be required to submit to a pre-employment drug screen and additional background checks as required.

Cadastral Mapper III

1. Bachelor's degree in GIS, geography, civil engineering, or a related field
2. Four (4) years of work experience using Arc/Map software. Equivalent combinations of education and experience may also be considered.

Additional Eligibility Qualifications

1. Must possess a Cadastral Mapping Certificate from the Utah Association of County Recorders
2. Successfully passed the Advanced Cadastral Mapping test
3. Selected applicants may be subject to, and must pass, a background check

Cadastral Mapper II

1. Bachelor's degree in GIS, geography, civil engineering, or a related field
2. And one (1) year of work experience using Arc/Map software
3. Equivalent combinations of education and experience may also be considered providing applicant has a minimum of one year of work experience using Arc/Map software

Additional Eligibility Qualifications

1. Must possess a Cadastral Mapping Certificate from the Utah Association of County Recorders
2. Selected applicants may be subject to, and must pass, a background check

EXAMINATION/SELECTION PROCESS: Individuals interested in the position must submit an official Utah County Government application and required attachments to the Utah County Office of Human Resource Management, 100 East Center, Suite 3800, Provo, UT 84606, by 5:00 PM on the closing date. Additional information will not be accepted after the closing date. The Human Resource Department will screen the applications for minimum qualifications. The selection process will consist of a hiring interview, and may include any one, or a combination, of the following examinations: application and/or supplemental review/rating, written examination, performance test and/or oral examination. The Human Resource Department reserves the right to call only the most qualified applicants to any of the examinations.
