

Utah County Employee of the Month – January 2014
Kate Holz – Cadastral Mapper III
Recorders Office

I would like to nominate Kate Holz for the Employee of the Month.

Kate blew in from the windy city of Chicago to attend school and after graduating with a degree in Geography started working the Recorder's office as a Cadastral Mapper in 2001 and we will not let her leave, ever!

Kate works documents recorded in the City Blocks. Her area has many unique and complex intricacies which require a great deal of knowledge and ingenuity to correctly reflect the record. She is very easy going and works so well with all of our staff, the public and other professionals that come into the office, She is dedicated to the County and her responsibilities here and is willing to help whenever there is a need.

Kate receives compliments from customers for her willingness to make sure they have their concerns addressed. Here are a few: "I came in looking for some information on old family property and had very low expectations of finding any information. However Kate was extremely helpful and provided me with more information than I could have imagined"

"I spent 30 minutes on the phone with Kate this morning and she helped me iron out some issues regarding property descriptions and warranty deeds. She was efficient, friendly and extremely helpful. I fully expected that I would have to make a trip to Provo to resolve our problems, but she provided the necessary information AND showed me how to access your website. Kudos to Kate for great customer service."

I feel the same! Kate is all of the above and more.

Kate has an adventurer's soul. She travels on her own or with friends to places that her parents would not approve of if they knew where she was going in advance.

I remember asking her prior to one trip a few years ago; if her parents were ok with where she was going and her reply was "they don't know yet" to which I proceeded to read her the riot act for them! (Many would be terrified to go where she so excitedly ventures!)

Kate volunteers her time in the Project Read program at the Provo City Library which provides one-on-one tutoring services to help alleviate adult illiteracy and help individuals improve their reading and writing skills. She also sits on the Project Read advisory board as Trustee Tutor Representative.

Kate plays the piano for the Primary children in her church, whistles up a storm and is an avid BYU fan. This summer Kate hosted dancers for six days who were here to perform for the World Folkfest in Springville.

There is much that can be said of Kate and it is all positive!
I am pleased to nominate her for the Employee of the Month.
