

Mont has been an invaluable Utah County employee for 14 years!

In his service to the citizens of Utah County, he has equally served his colleagues with a positive attitude.

As an Internal Auditor, Mont has had the opportunity to help many departments improve efficiencies, cut costs, and better serve the public. Mont is a friendly face to everyone he meets and continues to be a reliable person you can always count on. He is dedicated and accepts each assignment willingly and with optimism.

Recently, Mont quickly turned around a robust analysis for one department facing a persistent financial challenge. His work was critical to helping the department resolve the issue.

Mont is being nominated not because of his great work ethic and abilities, but because of his character.

When colleagues have a family emergency and do not have any PTO to be at home with their families, Mont volunteers his PTO. Not for praise or recognition, but because he believes that others are in greater need than he is.

Whether it's strengthening unity with coworkers by hosting a monthly fun questionnaire to get to know one another, supporting others by supplementing his own PTO, or strengthening the team of internal auditors, Mont is always up for the task.

With pleasure, it is the recommendation of the Utah County Clerk/Auditor to nominate Mont Wade for the May 2019 Utah County Employee of the Month Award.
