Licensed Practical Nurse - aDDAPT

Job Description

Department: Drug and Alcohol Prevention and Treatment
Position: Career Service
Step Range: 25, Table 14
Supervisory: No
Reports to: Deputy Director-Clinical Services

Summary
Under supervision of a registered nurse or medical doctor, provide direct and indirect patient care in accordance with the Nurse Practice Act, professional standards of care, state regulations and accreditation standards, and the department’s philosophy, policies, and procedures. This position is responsible to assist medical and clinical staff in medication management, treatment, care and evaluation of clients.

Essential Functions
Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

1. Provide medication management for the residential client under the direction of the registered nurse or medical doctor. Take medication refill requests; follow through to ensure medication is authorized to be refilled and is charted properly.
2. Consult with pharmacies regarding the Medication Assistance Treatment (MAT) Program. Coordinate medication pre-authorization requests with the client and various pharmacies.
4. Receive and screen client questions regarding health issues. Ask pertinent questions and relay gathered information to RN or doctor.
5. Take vital signs to include blood pressure, temperature, and weight.
7. Ensure clients’ Electronic Health Record (EHR) are kept current.
8. Work with insurance companies to coordinate approvals.
9. Assist in ensuring medication room is clean, safe, and hazard-free.
10. Assess and report emergency and crisis situations to RN or medical doctor; provide emergency resuscitation and treatment to clients when necessary.
11. Provide general health and nursing care to clients; provide instruction in life skills, hygiene, healthy sexuality.
12. Participate as a team member in clinical activities and provide input via reporting observations, concerns and asking appropriate questions.
13. Perform a variety of office responsibilities: answer phones, take messages and perform triage within scope of license in an accurate and timely manner.

Knowledge, Skills, and Abilities
Knowledge of safety procedures related to medication administration and side effects of various medications
Knowledge of client counseling processes, techniques, and methods
Knowledge of substance abuse treatment facility programs and procedures
Skilled in CPR and basic first aid
Skilled in taking vitals
Skilled in venipuncture
Ability to express observations both in oral and written terms and exercise judgment in amount and kind of information passed on to other personnel
Ability to make accurate notations and changes in client charts
Ability to recognize toxic, allergic reactions and drug interaction
Ability to perform under adverse crisis situations
Ability to develop and maintain cooperative working relationships

Supervisory Responsibility
This position has no direct supervisory responsibility, but does participate in the orientation and training of new personnel.

Work Environment
This job operates in a clinical setting with appropriate climate controls. The noise level in the work environment is usually moderate. While performing the work, this position may be exposed to contagious or infectious diseases and regularly requires the use of protective devices such as masks and gloves. Elements of hazard uncertainty exist in the normal course of performing duties associated with providing substance abuse treatment. This role routinely uses medical equipment such as thermometer, sphygmomanometer, and pulse oximeter and standard office equipment such as a laptop, desktop, smartphone, photocopiers, shredders, and filing cabinets.
