Jenny Devlin has accepted the contract for the year 2015-2016 storm water outreach education presentation for Utah County schools. A list of schools for each coalition member was handed out. Please review the list for accuracy. If there are schools that need to be added or deleted from your list contact Glen Tanner before August 1, 2015 by sending him an email updating your school list.

3. County Storm Water Training
Utah County Storm Water Coalition Web site update:
The site needs to be updated once a month. The Coalition was in agreement to upgrade the site with a cost of \$300.00. The upgrade will create unlimited space and ownership of the domain. Suggested domain names were, Utahcountystorm.org and Utahcountystorm.com. The Coalition agreed they would like use the name of utahcountystormwater.org and or utahcountystormwater.com. The members asked for Nestor to find out if they could use both domain names. Nestor will check on what the cost change will be if both names are used. If both domains can be used they will be linked together. And all other Utah County City and Government web sites will then link the user to the Storm Water Coalition web site.

RSI Training Dates for Utah County
The Coalition discussed holding another training some time at the end August in Utah County.
