</table>

1. Total income received this month:

2. Total expenses paid this month:

3. Total Month’s Income minus Total Month’s Expenses = MO. NET GROSS INCOME

4. If expenses are more than income, enter -0-. If you are a farmer with $1,000 or more in earnings each year, enter loss here.

5.* If your household has more than one self-employment business, total all net gross income from all self employment. The only loss you may enter is a farming loss. *Each entry below should have a separate form 882 to each Net Gross Income.*

|---------------|---------------|---------------|-----------------|

4. The above is a correct statement of my actual self-employment income and expenses.
