Budget Officer Message

To the Honorable Board of Utah County Commissioners and Citizens of Utah County:

Pursuant to Utah Code Annotated §17-36-10, the following tentative budget for 2021 has been prepared for Utah County using budgetary practices required by the Utah State Auditor.

Estimated Revenue Calculations

Revenue from property taxes is estimated based upon the calculation required by the Utah State Tax Commission. The property tax revenue is budgeted at \$77.1 million for 2021. Of the \$77.1 million budgeted for property taxes, \$62.3 million is for general property taxes that are unrestricted in their use, \$9.5 million is for property taxes that are restricted to assessing and collecting activities, and \$5.3 million is for property taxes assigned to redevelopment agencies.

The local sales tax, which represents sales tax collected in the unincorporated area of the County, has been budgeted at \$1.95 million for 2021, which is a slight increase from the 2020 budgeted amount. This local sales tax has a population component and since the population of the unincorporated area is decreasing, the revenue was budgeted to reflect a lower population factor. Despite the effects of COVID 19, sales tax revenues have been in line with 2020 budgeted numbers.

The County option sales tax, which represents the 0.25-percent levy the County has opted to collect for general governmental purposes, is budgeted at \$33.4 million for 2021, which is a 5.5-percent increase from the 2020 budgeted amount.

Revenues for licenses, grants, fees, and fines were estimated by the respective departments. Most of these amounts are included in the 2021 budget as submitted by the departments.

Requested Appropriations

Pursuant to Utah state statutes, the County Clerk Auditor has prepared the 2021 tentative budget. The tentative budget that is presented to the Utah County commission includes a balanced budget for all funds.

The Board of County Commissioners will make final adjustments to the tentative budget before the budget is officially adopted. The public hearing for the final budget is tentatively scheduled for Wednesday, December 16, 2020.

This tentative budget includes no extraordinary budget increases.

Salaries & Benefits

Several departments have submitted staffing plan change requests. These requests have been considered in the tentative budget, and added when deemed appropriate, but require final approval from the Board of County Commissioners before the positions are added to departments' staffing plans and budgets.

The tentative 2021 budget includes a 'one-step' increase for employees with successful performance appraisals effective on their scheduled review dates. 'One step' represents an approximate 2.35-percent salary increase. Because employees' review dates are spread throughout the year, the overall salary increase is approximately 1 percent. A cost-of-living increase, or COLA, is not included in the tentative 2021 budget but the Human Resources department has been evaluating salaries in relation to the market to determine if our salaries are competitive. Preliminary results of this market study indicate that several positions are significantly below market and salary adjustments for those positions will be proposed in 2021. The tentative budget includes restricted appropriations that would be available if the county commissioners approve the market adjustments.

The county's health insurance program has been effective in controlling costs, thus achieving very low increases in the cost of insurance. The tentative budget includes an adjustment for health insurance, which is estimated to increase by 2.1% in 2021. The County currently pays the entire health insurance premiums for qualified employees.

Tax Increase

The 2020 budget included an increase in property taxes to provide the resources the county needs to fund operations and provide services at the level the public desires. The property tax rate increase approved in 2020 is anticipated to provide sufficient funding for the 2021 operations of the County. The tentative budget includes *a net decrease* in the property tax rate assessed to property owners.

Budget Integrity

The basic concept of Utah County's budget process for departments funded either in the general fund or with funds transferred from the general fund is to balance the expenditures to the 2021 projected revenue without using fund balance to bridge the gap between revenue and expenditures.

For the 2021 budget, departments received a budget schedule based upon projected 2021 staffing plan costs, charges from the internal service funds, and 2019 actual operating expenditures (operating expenditures excludes capital equipment and other one-time purchases). Department heads could request any changes that were necessary to fund their respective departments' 2021 operations. These budget requests were discussed during public meetings in September and October. The Board of County Commissioners may schedule additional budget meetings to discuss the requests and will make final adjustments to the tentative budget.

Additionally, the County has adopted a system of performance-based budgeting which holds departments accountable for additional funding that is provided. Each department is required to

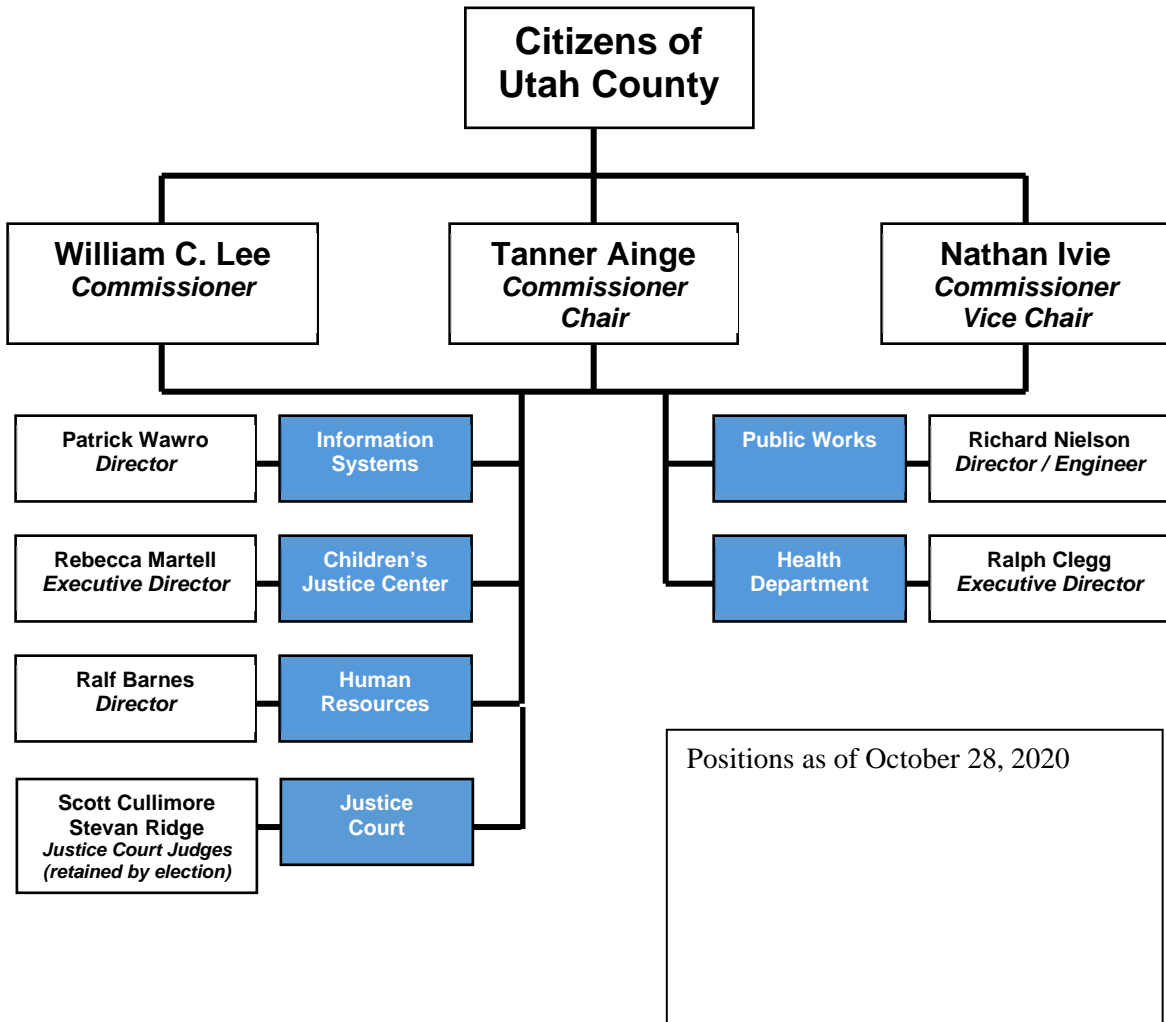

present measurable performance metrics that will allow the departments, the public, and the commissioners to evaluate the impact of the additional appropriations granted on departmental operations and services provided. These performance measures will be made available to the public in a budget book that will be published on the County website in the coming months.

Sincerely,

A handwritten signature in black ink, appearing to read "Amelia Powers Gardner". The signature is fluid and cursive, with the first name being the most prominent.

Summary of Funds

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Major funds represent the significant activities of the County and basically include any fund whose revenues or expenditures, excluding other financing sources and uses, constitute more than ten percent of the revenues or expenditures of the appropriated budget. The County has five major funds: General Fund, TRCC Taxes Fund, Transportation Projects Fund, Debt Service Fund, and Capital Projects Fund.

General Fund

The General Fund is the chief operating fund of the County and is used to account for all transactions that pertain to the general administration of the County and the services traditionally provided to its citizens. This includes law enforcement services, legal services, and other general governmental services.

TRCC Taxes Fund

The TRCC Taxes Fund is a special revenue fund used to account for taxes resulting from purchases from restaurant and short-term motor vehicle lease taxes restricted to the following purposes:

- Financing tourism promotion.
- Developing, operating, and/or maintaining an airport, convention, cultural, recreation, or tourist facility.

Transportation Projects Fund

The Transportation Projects Fund is a special revenue fund used to account for transportation projects of the County. On April 1, 2007, the County enacted a 0.25-percent sales tax known as the Mass Transit Fixed Guideway sales tax. The results of an opinion question included on the ballot during the 2006 general election indicated that 69 percent of voters approved of this sales tax. On January 1, 2008, the rate for this sales tax increased to 0.30 percent.

On January 1, 2009, the County enacted a 0.25-percent sales tax known as the County Airport, Highway, and Public Transit sales tax.

On April 1, 2020, the County enacted a 0.25-percent sales tax known as the County Option Sales and Use Tax for Highways and Public Transit. In accordance with the statute, through June 2020 the full amount of the sales tax was distributed to the County. Beginning in July 2020, the tax is required to be distributed 40 percent to Utah Transit Authority, 40 percent to cities/towns within Utah County, and 20 percent to the County. The Board of County Commissioners stipulated that the tax would be reviewed on or before December 31, 2028 to determine if the tax should be amended or repealed.

In addition to these sales taxes, the County signed an interlocal agreement with the Utah Department of Transportation (“UDOT”) to receive the motor vehicle registration fee collected by the Utah State Tax Commission until the County’s debt service requirements are paid. Projects utilizing these vehicle registration fees are budgeted within this fund.

Finally, this fund also includes road projects funded with “Class B” Road Funds the County receives from UDOT.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources for, and the repayment of, general long-term debt principal and interest, and related costs.

Capital Funds

The Capital Funds include the Capital Improvement Fund (CIP) and the Equipment Replacement Funds.

- The CIP Fund is a major fund that is used to account for financial resources to be used for the acquisition, renovation, or construction of major capital facilities.
- The Equipment Replacement Fund is a non-major fund that is used to accumulate resources to purchase and replace qualified equipment that is used in County operations.

In addition to these five major funds, the County maintains non-major special revenue funds and non-major proprietary funds.

Non-major Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes. The County utilizes seven non-major special revenue funds: Health Department fund, Grants/Outside Projects fund, Children's Justice Center fund, Prisoner Benefit fund, Outside Law Enforcement fund, Transient Room Tax fund, and Assessing and Collecting fund.

Non-major Proprietary Funds

The County's non-major proprietary funds are all internal services funds. Internal services funds are used to report activities that provide goods or services to other funds, departments, and agencies of the County and its component units, or to other governments, on a cost-reimbursement basis. The County utilizes six non-major proprietary funds: Motor Pool fund, Jail Food Services fund, Building Maintenance fund, Telephone Communications fund, Radio Communications fund, and Information Systems fund.

Fiduciary Funds

The County has additional fiduciary funds that are audited, but not included in the budget.

General Fund Highlights

The tentative 2021 General Fund budget includes \$106.7 million revenues. This represents an increase of \$2.4 million (2.26%) from the current 2020 budget.

Capital Projects

The Capital Projects Fund is used to account the County’s Capital Improvement Program (CIP). This includes construction and acquisition of capital projects and facilities, replacement or major renovations of existing capital assets, and accumulation of funding for future capital projects. The CIP lists projects that are 1) anticipated to be completed within three years, and 2) funding for the projects has been identified and has been accumulated in the capital projects fund.

The following is a summary of capital project expenditures included in the 2021 budget and projected for the subsequent two years:

Debt Service

As of the date of this report, the County only carries debt from revenue bonds. Whereas general obligation bonds are backed in full by the good faith and credit of the County and its residents, revenue bonds are backed by an underlying revenue or tax that is applicable to the financing.

Security Center Expansion

On August 4, 2005, the County issued \$15.165 million in Sales Tax Revenue bonds to finance the costs of expansion and improvements related to the Security Center. On May 21, 2014, the County issued \$6,755,000 in Sales Tax Refunding bonds to defease the 2005 bonds. These bonds were repaid in 2020.

Transportation Projects

The County issued \$102.73 million in Sales Tax Revenue bonds on August 27, 2009 and \$27.715 million in Fee Revenue bonds on September 3, 2009 to finance the costs of transportation projects within the County. In February 2020, the County issued \$66.345 million in Transportation Sales Tax Revenue Refunding bonds to defease the Series 2009 Sales Tax Revenue bonds.

The County issued \$51.675 million in Sales Tax Revenue bonds on February 14, 2012 for the purpose of financing transportation projects within the County. Previous to the issuance of these bonds, the County had an interlocal agreement with Utah Transit Authority (“UTA”) whereby the County borrowed \$55.2 million from UTA’s portion of the fixed guideway (or “Section 2216”) sales tax to fund transportation projects such as Pioneer Crossing and North County Boulevard. The interlocal agreement stipulated that the County would repay interest to UTA at a rate of five percent. The issuance of these bonds not only reduced the interest payments due, but also provided immediate operational funding for FrontRunner South, which began service in Utah County in December 2012.

On December 18, 2019, the County issued \$14.7 million in Series 2019 Vehicle Registration Fee Revenue Bonds to defease a portion of the outstanding Series 2009B Vehicle Registration Fee Revenue Bonds issued to finance certain transportation projects in the County.

Convention Center

On January 20, 2010, the County issued \$40.15 million in Excise Tax Revenue bonds to finance the costs of constructing the Convention Center in downtown Provo.

Energy Improvements

On October 22, 2010, the County issued \$4.94 million in Sales Tax Revenue bonds to finance the costs of energy improvements to County facilities.

Museum of Natural Curiosity at Thanksgiving Point

On September 4, 2013, the County issued \$3.8 million in Excise Tax Revenue bonds to finance a portion of the costs of acquiring, constructing, equipping, and furnishing a museum and related improvements and facilities located at Thanksgiving Point in Lehi.

Utah Transit Authority Bus Rapid Transit

On December 22, 2016, the County issued \$65 million in Series 2016 Subordinated Transportation Sales Tax Revenue Bonds to finance a Transportation Improvement Project, more commonly known as Bus Rapid Transit (BRT) or Utah Valley Express (UVX), operated by the Utah Transit Authority. UVX service began August 13, 2018. Pursuant to an interlocal agreement with UTA, the County expects to be fully reimbursed for the total principal and interest of the financing.

As of the date of this report, the outstanding balance on the County’s bonds is \$215,605,000. The anticipated 2021 payments on the bonds is \$8.59 million principal and \$8.4 million interest.

Other Statistical Information

The following chart summarizes the number of full-time equivalents (FTEs) in the County's budgeted staffing plan as of August 31, 2020. Except for time-limited positions, no person is placed or retained on a department payroll unless the person occupies a position listed in the approved staffing plan. An FTE is the decimal equivalent of a part-time position converted to a full-time basis of 2,080 standard hours worked (e.g. one person working 1,000 hours would equate to 0.5 FTE).
