1. EMPLOYEE OF THE MONTH - AUGUST

Commissioner Lee – Announced the Employee of the Month of August, 2020: Aislynn Tolman-Hill

BOARD OF COMMISSIONERS OF UTAH COUNTY, UTAH

PENDING Public Meeting Minutes

Read Nomination:

Since joining the Utah County Health Department as the Public Information Officer, Aislynn has created an extensive network of channels of communication including newspapers, television stations and radio, locally and nationally, and has an excellent rapport with all media contacts. Aislynn is dedicated to being available to the media and assisting Divisions in communicating with the public and media. She proficiently writes press releases, media points, and is a highly skilled spokesperson. Aislynn provides a unique set of talents, skills and knowledge that are sprinkled with an incredible trail of quality improvement with every project she is involved with.

Aislynn was a principle factor for Utah County Health Department and the Project Public Health Ready (PPHR) certification (an 18-month process). Her expertise and knowledge steered the PPHR team through thousands of pages of documentation and criteria. With PPHR certification, Utah County Health Department now has 1) an all-hazards response plan, 2) a workforce that has received training and development, and 3) actual exercise practice in a real event.

She has designed a reader friendly version of Utah County Health Department's Annual Report that incorporates clever graphics and intuitive design. Her efforts with social media have been extensive with an average of 2-3 posts daily, representing all divisions within the Health Department.

Aislynn's knowledge and proficiency with social media has led to increased promotion and increased views and shares of events and services provided by the Health Department. Under Aislynn's direction videography has been incorporated into the promotion of Health Department's services on social media. Examples may be viewed at <https://www.facebook.com/uhealth/videos/>. Here are a few examples topics: • West Nile prevention with Commission Ivie • Health fair promotion with Mayor Kaufusi • Flu-Busters – promotion of flu vaccine • WIC Services • Seat belts, bike helmets, diabetes prevention, mosquito bikers and many more

Aislynn is well liked by all those she works with and her talents and commitment to excellence are recognized. Below are some comments from some fellow employees:

"Aislynn is energetic about her job. She's not one to just "see how things go" if there is action to be taken. Instead she jumps right in (except with algal blooms) and does her job. She doesn't seek to be in front of the camera, but willingly steps up when others cannot. She is great to 'prep' others for controversial interviews and helps them feel at ease with reporters that may pry into the story deeper than we would like. Aislynn really does give her job her undivided attention and the County is lucky to have her."

"I feel that Aislynn has been an outstanding addition to our Health Department. She is extremely competent and experienced regarding public health. I really came to see this firsthand when we spent many, many hours working together during our department's Utah Lake algal bloom response during the summer of 2016/17 summer. I was very impressed with her availability, responsiveness, and professionalism during the response that lasted several weeks. She is very adept at drafting professional and informative press releases in a brief amount of time."

"If one could describe Aislynn in only one word, a word that quickly comes to mind is innovative, creative, and on a constant quest for perfection. Yes, that is more than one word, but it is difficult to describe her in one word. A great example of her innovation and creativity is the video production of the algal bloom response. She took this idea from concept to production in a short two months. She wrote the script, arranged the spokespersons, scheduled a videographer and found a nationally known narrator for the production.

"When not putting out "media fires" at the Health Department, Aislynn can be found at home with her husband, 7 year-old daughter and two dogs; or possibly at Sodalicious creating her famous drink combination. Interestingly, both Aislynn and her daughter have names that were characters in novels written by the same author.

Prior to her employment with Utah County Health Department, Aislynn Tollman-Hill worked for the Mesa County Health Department spending most of her time as the emergency preparedness leader for over a dozen counties in Colorado. While at Mesa County, Aislynn developed expertise in quality improvement and helped organize and implement best practices for operations in several other health departments. While in Colorado, as well as, in the state of Utah, Aislynn has devoted her own personal time and energy to serve as a site reviewer for NACCHO's quality improvement credentialing of local health departments at multiple sites. She serves as one of only a handful of volunteer site reviewers which illustrates her expertise and passion for continuous quality improvement.

 - High priority for elections staff
 - 2018: >10%
 - 2020: 2.67% (industry standard is 4-5%)

Utah County Elections is no longer the "epicenter of dysfunction."

COMMISSIONER AINGE – INQUIRED AS TO HOW MUCH WOULD HAVE BEEN SPENT ON POSTAGE IF IT HAD BEEN WITHOUT THE DROP BOX THAT 29,000 PEOPLE USED.

AMELIA POWERS GARDNER – IT WE WOULD HAVE HAD AT 10% RETURN RATE ON OUR BALLOTS THIS YEAR (APPROXIMATELY 170,000 BALLOTS), THAT WOULD HAVE BEEN \$17,000. INSTEAD IT WAS LESS THAN 3%. SAVED APPROXIMATELY \$12,000 IN ONE ELECTION JUST BY UPDATING OUR LISTS. SAVED APPROXIMATELY \$25,000 YEAR TO DATE.
